

Simple things you can do to protect the planet Earth

Destination tips

The destination Logarska dolina-Solčavsko advises you on how to protect nature and our planet with little tricks.

Use sustainable transport

Use public transport to access Logarska dolina-Solčavsko destination. Go on a bike trip. Explore nature on foot.

Re-use a towel a few times

Reducing water and energy consumption means more sustainable accommodation.

Save energy

Turn off the lights when you leave the room or when you don't need the light.

Reduce, reuse and recycle

Reduce waste.
Reuse things and separate waste.

Safe water

The less water you use, the less runoff and waste water ends up in the oceans.
Conserve natural resources.

Plant a tree

Trees provide food and oxygen.
They help save energy, clean the air and help fight climate change.
